

NECASAFE EMPOWER

NECASafe Empower is a premium system that offers a comprehensive safety management solution for electrical contractor businesses.

Adopting this system provides access to valuable support resources like business improvement sessions and safety culture coaching.

Custom-tailored support and consulting services by NECASafe experts are also included.

Achieve your Company's Objectives

- Support in obtaining JAZ/ANZ certification in:
 - AS/NZS ISO 45001:2018 OH&S Management Systems
 - ISO 14001:2015 Environmental Management Systems
 - ISO 9001:2015 Quality Management Systems
- Safeguard your business against the threat of a liability crisis. NECASafe Empower shields you from fines, legal action and imprisonment, ensuring you enjoy peace of mind.
- ASP accreditation or upgrade for contestable works application support
- Nurture and attract talented employees
- Improving or resolving organisation behaviour conflicts
- Developing your commercial terms so that contractual parties understand duties, rights and roles
- Supporting your organisation's overall HSEQ & HR Management
- Centralising your HSEQ & HR Systems to maximise your team's compliance and efficiencies

Additional Inclusions
