

Our new “NECA Certified Contractor” program aims to ensure all NECA members are complying with their legal obligations as electrical contractors, exhibiting industry best practice in the management of their business and are duly recognised for their point of difference. Consequently, members of the public and clients will be assured that NECA Certified Contractors are meeting their minimum business and WHS requirements.

The information provided below will be audited by NECA SA/NT on an ad-hoc basis with a minimum of 10% of NECA Certified Contractors audited annually. Participating members will be randomly selected for an audit where you will be required to provide evidence of the declaration below.

Please attach appropriate documentation/evidence of each box ticked.

Minimum Business Requirements

I declare that I have the following in place and up-to-date (*tick all boxes that apply*):
(NECA Certified Contractors must have all the following in place)

- Electrical Contractors Licence held by the legal entity (renewed annually)
- Rescue & Resuscitation training (renewed annually for all licenced electrician employees)
- ReturnToWorkSA Registration and/or Personal Accident Insurance
- Public and/or Product Liability Insurance
