NECA Illawarra Branch Briefing Night

Tuesday, 19 August 2014. Dinner 6.00pm, Briefing Night 6.30pm

TLE Electrical, Industrial & Data Suppliers, 50-52 Kenny Street, Wollongong

All Members Welcome

6.30pm

Greg Clifford, NBN Co

Greg will explain the current status of Fibre in New Developments. How to prepare new premises for the NBN and methods for actual connection including Activation and Pre-installation of equipment during construction. Preparation of premises "by design" where electricians and cablers can have a big impact on how broadband can be used in new buildings. Some advice for preparing premises in existing or under construction NBN Co fixed line areas, and the Fibre in New Developments policy.

7.15pm

Jeofrey Keogh, NSW/ACT Eco Business Manager, Clipsal Schneider Partner Business

Jeof will be providing details of Clipsal NBN enclosure, Digital Starserve, home distribution with Clipsal Data Coms - Clipsal's new one crimp terminating tool to make all connections quick and efficient and will assist with any questions and queries during and after the presentation.
